1 Identification

- Product identifier
  - Trade name: Ionolux AC powder
  - Application of the substance / the mixture: Dental filling material

- Details of the supplier of the safety data sheet
  - Manufacturer/Supplier:
    VOCO GmbH
    Anton-Flettner-Str. 1-3
    D-27472 Cuxhaven
  - Information department: Scientific department tel. +49 (0)4721-719-0
  - Emergency telephone number: Scientific department tel. +49 (0)4721-719-0

2 Hazard(s) identification

- Health effects are based on the unmixed/uncured material.
  Under FDA regulations this product is classified as a medical device.
  Medical devices are exempt from the labelling provisions of GHS according to the Hazard Communication Standard (HCS).

- Classification of the substance or mixture
  The product is not classified according to the Globally Harmonized System (GHS).

- Label elements
  - Hazard pictograms: Void
  - Signal word: Void
  - Hazard statements: Void
  - Other hazards: Use only for intended scope of application

- Results of PBT and vPvB assessment
  - PBT: Not applicable.
  - vPvB: Not applicable.

3 Composition/information on ingredients

- Chemical characterization: Mixtures
- Description: Mixture of the substances listed below with nonhazardous additions.

- Dangerous components:
  - fluoro-aluminosilicate glass
    Eye Irrit. 2A, H319 50-100%
  - polyacrylic acid
    Eye Irrit. 2A, H319 2.5-5%

4 First-aid measures

- Description of first aid measures
  - After inhalation: Seek medical treatment in case of complaints.
  - After skin contact: Generally the product does not irritate the skin.
  - After eye contact:
    Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
  - After swallowing: If symptoms persist consult doctor.

- Information for doctor:
  - Most important symptoms and effects, both acute and delayed: No further relevant information available.
  - Indication of any immediate medical attention and special treatment needed: No further relevant information available.
5 Fire-fighting measures

- Extinguishing media
- Suitable extinguishing agents: CO₂, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- Special hazards arising from the substance or mixture: No further relevant information available.
- Advice for firefighters
- Protective equipment: No special measures required.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures: Not required.
- Environmental precautions: Do not allow to enter sewers/surface or ground water.
- Methods and material for containment and cleaning up: Pick up mechanically.
- Reference to other sections
  See Section 7 for information on safe handling.
  See Section 8 for information on personal protection equipment.
  See Section 13 for disposal information.

7 Handling and storage

- Handling:
- Precautions for safe handling: For dental use only.
- Information about protection against explosions and fires: No special measures required.
- Conditions for safe storage, including any incompatibilities
- Storage:
  Requirements to be met by storerooms and receptacles: See storage instructions on package
  Information about storage in one common storage facility: Not required.
  Further information about storage conditions: Keep receptacle tightly sealed.
- Specific end use(s): No further relevant information available.

8 Exposure controls/personal protection

- Additional information about design of technical systems: No further data; see item 7.
  Control parameters
  Components with limit values that require monitoring at the workplace:
  The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
  Additional information: The lists that were valid during the creation were used as basis.
- Exposure controls
  Personal protective equipment:
  General protective and hygienic measures:
  The usual precautionary measures for handling chemicals should be followed.
  Avoid contact with the eyes.
  Breathing equipment: Not required.
  Protection of hands: Not required.
  Material of gloves
  The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.
9 Physical and chemical properties

- Information on basic physical and chemical properties
- General Information
  - Appearance:
    - Form: Solid
    - Color: Whitish
  - Odor: Characteristic
  - Odor threshold: Not determined.
- pH-value: Not applicable.

- Change in condition
  - Melting point/Melting range: Undetermined.
  - Boiling point/Boiling range: Undetermined.

- Flash point: Not applicable.

- Flammability (solid, gaseous): Not determined.

- Decomposition temperature: Not determined.

- Auto igniting: Product is not selfigniting.

- Danger of explosion: Product does not present an explosion hazard.

- Density: Not determined.
- Relative density: Not determined.
- Vapor density: Not applicable.
- Evaporation rate: Not applicable.

- Solubility in / Miscibility with
  - Water: Partly miscible.

- Partition coefficient (n-octanol/water): Not determined.

- Viscosity:
  - Dynamic: Not applicable.
  - Kinematic: Not applicable.

- Solids content: 100.0 %

- Other information: No further relevant information available.

10 Stability and reactivity

- Reactivity: No further relevant information available.
- Chemical stability
- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- Possibility of hazardous reactions: No dangerous reactions known.
- Conditions to avoid: No further relevant information available.
- Incompatible materials: No further relevant information available.
- Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological information

- Information on toxicological effects
- Acute toxicity:
- Primary irritant effect:
  - on the eye: Irritating effect.
Safety Data Sheet  
acc. to OSHA HCS

Trade name: Ionolux AC powder

(Contd. of page 3)

Additional toxicological information:
The product shows the following dangers according to internally approved calculation methods for preparations:

Irritant

Carcinogenic categories

IARC (International Agency for Research on Cancer)
The information below represents toxicological information associated with the individual components of the uncured product. Once properly mixed and/or cured, the product is safe for its intended use

NTP (National Toxicology Program)

None of the ingredients is listed.

OSHA-Ca (Occupational Safety & Health Administration)

None of the ingredients is listed.

12 Ecological information

Toxicity

Aquatic toxicity: No further relevant information available.

Persistence and degradability: No further relevant information available.

Behavior in environmental systems:

Bioaccumulative potential: No further relevant information available.

Mobility in soil: No further relevant information available.

Additional ecological information:

General notes:
Water hazard class 1 (Self-assessment): slightly hazardous for water
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Results of PBT and vPvB assessment

PBT: Not applicable.

vPvB: Not applicable.

Other adverse effects: No further relevant information available.

13 Disposal considerations

Waste treatment methods

Recommendation:
Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

Uncleaned packagings:

Recommendation: Disposal must be made according to official regulations.

14 Transport information

UN-Number

DOT, ADR, ADN, IMDG, IATA: Void

UN proper shipping name

DOT, ADR, ADN, IMDG, IATA: -

Transport hazard class(es)

DOT, ADR, ADN, IMDG, IATA: -

15 Regulatory information

- Safety, health and environmental regulations/legislation specific for the substance or mixture
  - Sara
    - Section 355 (extremely hazardous substances):
      None of the ingredients are listed.
    - Section 313 (Specific toxic chemical listings):
      None of the ingredients are listed.
  - TSCA (Toxic Substances Control Act):
    All ingredients are listed.
  - Proposition 65
    - Chemicals known to cause cancer:
      None of the ingredients are listed.
    - Chemicals known to cause reproductive toxicity for females:
      None of the ingredients are listed
    - Chemicals known to cause reproductive toxicity for males:
      None of the ingredients are listed
    - Chemicals known to cause developmental toxicity:
      None of the ingredients are listed
  - Cancerogenity categories
    - EPA (Environmental Protection Agency)
      None of the ingredients are listed
    - TLV (Threshold Limit Value established by ACGIH)
      Contact VOCO for more information.
    - NIOSH-Ca (National Institute for Occupational Safety and Health)
      None of the ingredients are listed
- GHS label elements Void
  - Hazard pictograms Void
  - Signal word Void
  - Hazard statements Void

2 Hazard(s) identification

Health effects are based on the unmixed/uncured material.
Under FDA regulations this product is classified as a medical device.
Medical devices are exempt from the labelling provisions of GHS according to the Hazard Communication Standard (HCS).

- Classification of the substance or mixture

⚠️ Skin Sens. 1 H317 May cause an allergic skin reaction.

Eye Irrit. 2B H320 Causes eye irritation.

- Label elements
  - Hazard pictograms: GHS07
  - Signal word: Warning

- Hazard-determining components of labeling:
  - 2-hydroxyethyl methacrylate

- Hazard statements
  - Causes eye irritation.
  - May cause an allergic skin reaction.

- Precautionary statements
  - Wear protective gloves / eye protection.
  - Wear protective clothing.
  - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
  - Continue rinsing.
  - IF INHALED: Remove person to fresh air and keep comfortable for breathing.
  - If skin irritation or rash occurs: Get medical advice/attention.
  - If eye irritation persists: Get medical advice/attention.
  - Dispose of contents/container in accordance with local/regional/national/international regulations.

- Other hazards
  - Use only for intended scope of application

3 Composition/information on ingredients

- Chemical characterization: Mixtures

### 4 First-aid measures

- **Description of first aid measures**
  - **After inhalation**: Seek medical treatment in case of complaints.
  - **After skin contact**: Immediately wash with water and soap and rinse thoroughly.
  - **After eye contact**: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
  - **After swallowing**: If symptoms persist consult doctor.

- **Information for doctor**
  - **Most important symptoms and effects, both acute and delayed**: No further relevant information available.
  - **Indication of any immediate medical attention and special treatment needed**: No further relevant information available.

### 5 Fire-fighting measures

- **Extinguishing media**
  - **Suitable extinguishing agents**: CO₂, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

- **Special hazards arising from the substance or mixture**: No further relevant information available.

- **Advice for firefighters**
  - **Protective equipment**: No special measures required.

### 6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures**: Not required.

- **Environmental precautions**: Do not allow to enter sewers/ surface or ground water.

- **Methods and material for containment and cleaning up**: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

- **Reference to other sections**
  - See Section 7 for information on safe handling.

  - See Section 8 for information on personal protection equipment.

  - See Section 13 for disposal information.

### 7 Handling and storage

- **Handling**
  - **Precautions for safe handling**: For dental use only.

- **Conditions for safe storage, including any incompatibilities**
  - **Storage**: Requirements to be met by storerooms and receptacles: No special requirements.

- **Further information about storage conditions**: See storage instructions on package

- **Specific end use(s)**: No further relevant information available.

### 8 Exposure controls/personal protection

- **Additional information about design of technical systems**: No further data; see item 7.
